Introduction

This guide gives instructions on how to import the translations.
Please read carefully the paragraph ‘Special rules’ to ensure a successful translation.

Main work

You will receive the sentences to translate in a spread sheet in Microsoft Excel format as shown below.
After having translated, you save this and send the Excel sheet to us.

The columns have the following meaning:

Key
This column should be left as it is. It is a key to import the translations to our system.

English Translation
Sentences, which should be translated.
Note: Some of the translations are very long and are overlapping with the third colum

NL_NL
The translations of the current language should be inserted in this column.

Special rules

Special rows

The following rows require attention:

1	Key	English Translation	(NL_NL)
2	menu.about	about	
3	menu.locale	EN	
4	menu.country	Great Britain	
5	button.tellmemore	Tell me more	
6	button.OptMeOut	OptMeOut	

menu.locale

This translation is used in our web site to indicate the language. Please verify from us the correct translation.

menu.country

This translation is the name of your country in English.
In the example below, these columns are filled for the Dutch translations.

A	B	
Key	English Translation	(NL_NL)
menu.about	about	
menu.locale	EN	NL
menu.country	Great Britain	The Netherlands

Forbidden characters

You should not use the semi colon ;

Red tag

In some texts we want to highlight some parts in red.

We use the tag <red>.
The text which is red should be surrounded by these tags as in the English translations.

Example:

English
Please <red>find out here</red> if it is or checkout the <red>about page</red> of more info.
Dutch
<red>Kijk hier</red> of dat zo is, of kijk op de <red>Over ons</red> pagina voor meer informatie.

HTML Hyper links

Some of the content include HTML hyper links like

```
Your data is used for this process only stored only temporarily.
See our <a onClick={openPrivacyPolicy} >privacy policy</a> for
more info.
```

You should not modify these parts.

About and privacy policy pages

We have the special pages ‘about’ and ‘privacy policy’ where each country has its own content. This may be the most complex part of the translations and we will help you to find the correct format. The page is composed from an undefined amount of paragraphs and sub paragraphs and each paragraph has a title.

Example

This is title for paragraph 1

This is paragraph 1.1. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Sed mollis tempus justo, eget malesuada nibh venenatis quis. Nam semper laoreet vulputate.

This is title for paragraph2

This is sub paragraph 2.1. Praesent egestas mi a sollicitudin consectetur. Nulla tincidunt aliquet purus sit amet faucibus. Ut et mi sit amet magna bibendum interdum. In ornare et nunc vitae lobortis. Vivamus et aliquet dui. Donec sed nulla sit amet purus tempor molestie. Pellentesque egestas massa id dapibus iaculis. Integer non est sit amet lectus efficitur sollicitudin eget ac nulla.

This is sub paragraph 2.2. Proin bibendum auctor magna eget pellentesque. Suspendisse elit libero, semper vehicula ullamcorper eget, volutpat sit amet arcu. Aenean eget tellus et dui lacinia molestie vitae vitae eros.

This is title for paragraph 3

This is sub paragraph 3.1. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Sed mollis tempus justo, eget malesuada nibh venenatis quis. Nam semper laoreet vulputate.

This is sub paragraph 3.2. Proin bibendum auctor magna eget pellentesque. Suspendisse elit libero, semper vehicula ullamcorper eget, volutpat sit amet arcu. Aenean eget tellus et dui lacinia molestie vitae vitae eros.

This is sub paragraph 3.3 Pellentesque et nibh sed velit ornare cursus sed in ipsum. Quisque et neque rutrum, viverra dui id, suscipit lorem. Aenean fringilla vitae nisl at vehicula. Ut rutrum vel lorem ac porttitor. Nulla sagittis placerat justo, ut pharetra felis consequat vel. Ut lobortis congue ex a consequat. Nunc at rhoncus nulla, sed bibendum massa.

You add this into the spread sheet as following:

Delete all of the existing rows having a key starting by: page.about.
Insert the paragraphs of you country as following:
